Next Meeting

Thursday, March 10, 2011

Center 50+

2615 Portland Rd, NE. Salem, OR 97303

(503) 588-6303

Chip Chatter

As I write this (2/24) we have had sunshine, rain, snow, and hail all in the same hour. Just your normal day in Oregon.

The March meeting is an especially important one for every member to attend. We will be voting on the new bylaws for the club. The new version will be printed again in the BURL and the old version is available for comparison on the WVV web site. Our demonstrator for the evening will be Reed Gray, he will be demonstrating how to take a cube and turn a bowl on the bias. He will also go over sharpening with a new system he has developed. I have seen Reed demonstrate before and I am sure it will be informative and enjoyable. On the Saturday after the club meeting, Reed will lead a sawdust session on bowl coring. He will cover the McNaughton, Oneway and Woodcut systems. You do not have to own one of these coring systems to attend the sawdust session (but if you have one, be sure to bring it). This will be a great introduction to coring.

The April meeting will feature Dave Schweitzer who will offer us an evening club demo, followed Friday with an all day demonstration, culminating in a hands on two-day woodturning course. Sign-up sheets will be at the meeting and I would recommend you sign up while there is still room available.

I have listed a new wood supplier "North Woods Figured Wood" in the Club Member Discounts section of the BURL. They are offering club members a 15% discount. They are having an Open House and Warehouse Sale on March 12th, Saturday, 9-5. Please see the Club Members Discounts section for additional details.

Keep the chips flying

Bruce Stangeby, President

Membership is growing!

Thank you to all our renewal members and all the new 2011 members. What a great group we have this year. Now let's all help the WVV to grow even more in 2011.

You can help the club grow. How, you ask? Well, be sure you plan to come to each monthly meeting and as long as you are coming, why not BRING A FRIEND or two or just someone you know. Share with others the

joy you have meeting and visiting with others who love woodturning. Looking over the 'show and tell' table can be worth the trip. We have great meetings planned this year, so bring a friend and share the experience. Who know maybe they'll want to join, too! See you on March 10th.

Elling Hoem
WVW Treasurer

The club will have a proof copy of the picture roster for 2011 laid out on tables at the meeting. Each member should take a look at their entry to make sure that the contact information is correct. If they do not like the picture that we have included they should see me and I will take a replacement picture at the meeting. Rosters should be available at the April meeting.

Current & Upcoming Events

March Demonstration (Thursday, March 10,2011)

In March, Reed Gray will be demonstrating how to take a cube and turn a bowl on the bias. He will also go over sharpening with a new system he has developed. Although I don't know much about Reed, he lives in Eugene and is a full time production turner. He does sell items at the Eugene Saturday market and has produced a DVD on the McNaughton Center Saver, a copy of which is in our library. On the Saturday after the club meeting, Reed has agreed to offer a sawdust session on bowl coring. He will cover the McNaughton, Oneway and Woodcut systems. At this time, the sawdust session will be held in Terry Gerros' shop, located on Cordon Road. Those attending the sawdust session should 1) bring their bowl coring systems to practice with, and 2) bring some blanks to core (10 X 4). Some chestnut blanks (provided by Rex Brown) will be available for those who don't have one or forget. If you are not attending the sawdust session on bowl coring and would like your McNaughton blades checked by Reed, bring them to the club meeting.

April Demonstration (Thursday, April 14,2011)

In April, we are going to have our first, all weekend Woodturning session. Dave Schweitzer will offer us an evening club demo, followed Friday with an all day demonstration, culminating in an hands on 2 day woodturning course. I have great expectations for a GREAT time, lots of camaraderie, and heaps of learning. Dave is originally from Michigan but has lived in the Pacific Northwest since 1962. I will update you more

on cost of everything and what all will be covered. For the moment, feast your eyes on some of Dave's turnings.....

Dave has taken his talents, fabricated his own lathe and tools which he uses on his turnings. he does one of a kind pieces as no two pieces of wood are the same. He shows particular attention to form, detail and finishes which best show the fine grain and beauty of the natural woods.

Dave is a member in good standing with the American Association of Woodturners. He is affiliated with the Olympic Peninsula Chapter and the South Puget Sound Chapter. Dave has demonstrated throughout the Pacific Northwest and has been acknowledged in several publications.

Membership Rewards (sorry, available to club members only)

Library

A friendly reminder to members with books and /or videos checked out from the library. Please return them at this next meeting.

Wood Gathering

Sign-up sheets will be available to indicate your availability to help with wood gathering. Anyone who learns of a tree or log that is available to the club should notify Jerry Lelack (503 510-1577) or Bob Hutchinson (503 508-3279). The intent is to gather wood, process it to usable pieces, store it at the home of Terry Gerros', and then make it available to members. Terry can be reached at 503 580-5013.

From Terry Gerros: I have managed to accumulate a number of turning blanks for sale from several people. Oh wait, I brought this on myself.....what started out selling blanks for a buddy who is a disabled vet, has spiraled into.....well, a lot of fun. So, listed below is what I have available. The blocks are close to wholesale price or below and consist primarily of figured walnut (both claro and English), ambrosia maple, persimmon, mimosa, black locust, myrtle wood, figured maple, maple burl, and figured myrtle wood. Most of the blocks are dried and waxed, ready to turn to a finished product. Some of the blocks are green, but waxed. Also available are stabilized pen blanks (figured maple, speckled maple, myrtle wood, buckeye burl), bottle stoppers (buckeye burl), and spindle stock of varying sizes and types of wood. You are welcome to come see the wood and purchase on Saturdays or at my discretion, please call to make sure I am available. I try to make it convenient for everyone, especially those who want to talk woodturning for a bit. My cell number is 503-580-5013.

All the walnut bowl blanks are 3" thick give or take a bit, and are both English and claro walnut, some have both types grafted together, lots of fiddle back, marbling. These blocks are cut from gunstock material.

Pricing for the walnut is as follows:

4 x 4.....\$2.00	8 x 8.....\$8.00
5 x 5.....\$3.50	9 x 9.....\$10.00
6 x 6.....\$4.50	10 x 10..\$12.00
7 x 7.....\$6.00	11 x 11..\$14.00

I also have the following:

Stabilized pen blanks...3/4 x 3/4 x 5	\$2.50 each
Bottle stoppers.....3/4	\$1.00

The other blanks have the price marked on them. So if you are looking for some killer blanks, give me a call.

Supplies

The club purchases a few supplies in bulk and sells it to members at club cost. We routinely have superglue (\$5), black or brown superglue (\$10) accelerator (\$6) and Anchor Seal (\$10/gal). Recently the club purchased a small supply of half round protractors (\$6) used to measure the angle ground on a tool, HSS rods (\$3) 1/4" x 8" used to make the round skewers demonstrated by Bill McCoy at the October meeting, and depth gauge (\$5). Bob Quadros will have the resale items still available at the meeting. Please bring the correct change for the items you want.

Club Member Discounts

From Terry Gerros: Club orders will be going out on March 14. If our order equals or exceeds \$1,000, Craft Supply gives us a 13% discount plus free shipping. If you order from the sales items, you will receive the club discount in addition to the sale discount, making many items available at very attractive prices.

Attention AAW members.

The following is from Dale Larson: Starting today February 1 through March 31st voting for the proposed AAW bylaws is going on in the member section of the AAW web page. <http://woodturner.org/member/MemberLogOn.asp>. After you get into the members section on the left side column click on 2011 Bylaws vote. The report to the membership giving the reasons for these changes is in the February Journal or can be read at http://www.woodturner.org/info/bylaws/bylaws_committee_12_2010.pdf. I am asking that you carefully consider the changes then go to the members section and vote. The biggest change is that if a motion to bring an issue before AAW occurs, every member of AAW gets to vote on that issue. Under the current bylaws 5% of our membership can sign petitions and carry the issue. The current procedure in effect disenfranchises the other 95% of our membership. The new proposed bylaws fix this problem. I would encourage you to vote to approve the proposed bylaws.

**WILLAMETTE WOODTURNERS ASSOCIATION
MINUTES OF THE FEBRUARY 10, 2011 MEETING**

The meeting was called to order at 6:30 PM by President Bruce Stangeby. The sixty nine members and visitors then stood and said the Pledge of Allegiance to the Flag of the USA.

The President then asked for visitors and new members to stand and introduce themselves. Visitors Jason Waibel from Amity, Bruce Austin from Corvallis, and Mas Yamanaka from Salem all stood and introduced themselves. Also, a new member, Bill Cook from Corvallis, stood and introduced himself. All visitors and our one new member were welcomed and warmly greeted by the membership.

President Stangeby then listed several demonstrations that will be in the future and listed several saw dust sessions that will be held in the near future. At this point Vice President Gerros stood and spoke on the upcoming demonstration on bowl coring. He also spoke of a saw dust session that will feature the McNaughton, Wood Tec, and One Way coring systems. Vice President Gerros also spoke about the order to Craft Supply that will be placed next Monday so members could get their orders in as soon as possible.

President Stangeby then reported on changes to our Association bylaws that have been reviewed by the Board of Directors. The President advised the membership that the Board had reviewed the bylaws and recommended changes to the bylaws. The President then read the bylaws that were affected and explained and read them to the membership. He also advised that the new bylaws will be published in the Burl and he said he would read them again during our March 2011 meeting. After reading the new changes at the March meeting the membership will then vote to determine if the changes will be accepted by the membership.

After discussion of the above points the President then turned the meeting over to member Walt Thies who gave a presentation entitled: FROM BOLE TO BOWLS.

Walt stated his presentation detailing the basics of wood such as the tree parts, cells, and cell walls. Walt then described in detail the steps that should be taken when processing a tree with the goal of turning on the lathe. Within this discussion Walt talked about "special interest wood" that included quilted and feathered trees as well as burls. After this discussion Walt gave a lengthy and informative discussion on drying wood which included specifics about heartwood and sapwood, shrinkage, and humidity versus wood moisture content. Walt ended his discussion explaining the importance of drying techniques and using wood grain and color as a design element for turning. Walt's presentation was very educational and many questions were asked and answered. His presentation was very well received and all present learned quite a bit from Walt's unique knowledge of wood.

The monthly raffle was held and all of the items were claimed by the winners. After this the meeting concluded.
